Your test output should include that list of machines the server was running on.
Answer the following question:

Did you fill in the collaborations table on the next page? __________

If you think everything you did is correct, check here: ☐

Otherwise, give a brief description of what is working and what progress was made on the part that is not working:
On this sheet, list all of the people that you have collaborated with on this assignment. For each person indicate the level of collaboration (small, medium, large). Also write a few sentences describing what was discussed. Indicate whether you were mainly giving help or receiving help.

Alternatively, put this information on an attached sheet on page number ________

If you did this assignment entirely on your own, check here: ☐
